**3. ASQ SCORE INTERPRETATION AND RECOMMENDATION FOR FOLLOW-UP:** You must consider total area scores, overall responses, and other considerations, such as opportunities to practice skills, to determine appropriate follow-up.

If the child's total score is in the  area, it is above the cutoff, and the child's development appears to be on schedule.  
 If the child's total score is in the  area, it is close to the cutoff. Provide learning activities and monitor.  
 If the child's total score is in the  area, it is below the cutoff. Further assessment with a professional may be needed.
