Finding Shapes with Fernando

Written by Fernando
Illustrated by Lisa Warkman
Photographs by Nichole Barthowick

Shapes make our world interesting. Shapes are everywhere. Shapes are on our clothes, in our homes, and even on the wings of butterflies.

I love to play a game of finding shapes. Do you want to play the game with me?

I am looking for **circles**.

How many **circles** can you find?

2

3

I am looking for **squares**.
How many **squares** can
you find?

I am looking for **rectangles**.
How many **rectangles** can
you find?

I am looking for **triangles**.
How many **triangles** can
you find?

I am looking for **ovals**.
I think ovals look like eggs.
How many **ovals** can you find?

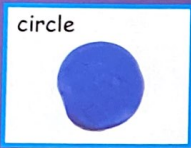

I am looking for **hearts**.
This is my favorite shape.
Do you know why?
How many **hearts** can you find?

I am looking for **stars**.
How many **stars** can
you find?

Shapes are everywhere.
Look for shapes today when you play.
What is your favorite shape?

Fernando comes from a family of four:
Fanny, Fernando, Max, and Lily. He loves to ride
his bike and play in the pond. His favorite thing
to eat is chocolate-covered flies!
